Thread Length:  20.0 millimeters  End Application: Interference screw  Outside Thread Diameter:  10.0 millimeters  Product Name:  Gentle threads fully threaded resorbable interference screws  Special Features: Blunt thread design assists in protecting the graft. Driver disign distributes torque evenly throughout the entire screw to help prevent the screw from breaking or stripping.  Shelf Life: N/a  Unit Of Measure:  Demilitarization:  No  Fiig:  T133-m
