Overall Height:

2.5 millimeters

Overall Diameter:

20.0 millimeters

Specific Use:

Tightening bone nails or bone screws

End Application:

Surgical fixation implants; arthroscopy

Material And Location:

Titanium alloy

Features Provided:

Sterile

Product Name:

Spiked washer, low profile, implant

Special Features:

Material per astm f-136; packaged sterile, single-use, implant-low profile spiked washer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-d
