Wattage Rating:

130.000 watts

Voltage In Volts And Current Type:

24.0 dc

Product Name:

Saros medical oxygen system model 3000

Special Features:

Saros portable oxygen system designed for extreme environments ground, air, and sea; delivers usp 93 pct. Medical oxygen at 3 lpm; dose mode to 96 ml; 15 psi max; 5 psig system output pressure; ac power supply; 130 watts, 24 vdc operation; rechargeable battery

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
