Cut Length:

15.5 millimeters

Product Name:

Ligasure advance instrument

Special Features:

Shaft length 34cm, shaft diameter 5mm, shaft rotation 335 degrees, jaw angle curved bilateral, electrode texture smooth surface with ceramic stops, seal width 2-3mm, seal length 18mm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A513m0
