Storage Temperature Range:

-10.0/+60.0 degrees celsius

Current Rating:

25.000 milliamperes or 30.000 milliamperes

Voltage In Volts And Current Type:

100.0 ac or 120.0 ac and 220.0 ac or 240.0 ac

Product Name:

Charging adapter surgical clipper

Special Features:

Exclusively for charging surgical clipper (p/n 4431a); charger design uses inductive charging process; input side of charger constructed from a transformer split into two parts: primary winding housed in a unit connected to the ac main power supply, secondary winding housed in same sealed unit with the battery and conventional charger electronics; configuration allows battery to be charged without a physical connection to the power source or exposing contacts which could shock the user; power cord: csa type svt 105c/ (ul) e35611 2/18 awg; cord length: 75.5 in w/ two prong plug; equipment not suitable for use in presence of flammable anesthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
