Overall Length:

36.00 inches

End Application:

Console, display

Material And Location:

Steel, corrosion resisting sheath

Product Name:

Probe, temperature

Special Features:

K type thermocouple; sheath diameter: 1/8 inch; sheath type: stainless steel; ungrounded thermocouple junction; sheath length: 6.00 inches;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-g
