Overall Length:

98.000 inches

Overall Height:

97.000 inches

Overall Width:

98.000 inches

Current Rating:

15.0 amperes

Wattage Rating:

1800.0 watts

Voltage In Volts And Current Type:

110.0 ac

Product Name:

Test booth audio

Special Features:

Audioetric test booth; multi occupancy (4 person); double wall construction; exterior dimensions (lwxh): 98.0 x 98.0 x 97.0 in; interior dimensions: 74.0 x74.0 x 78.0 in; carpeted vibration isolated floor; flush-mounted cam-lift magnetic seal door; door contains 30 inch x 24 inch safety glass window; includes ventilation fans and interior lighting, interior and exterior jack plates

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
