Inside Diameter:

0.9 millimeters

Diameter:

22.0 gage

Catheter Length:

25.0 millimeters

Product Name:

Bd nexiva closed iv catheter

Special Features:

Designed to reduce needlestick injuries; luer access split septum ensures a closed system; color coded blue; 80 per carton

Style Designator:

Intravenous injection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A22100
