Unit Package Quantity:

20

Design Designation:

Foley

Proximal End Funnel Quantity:

1

Core Fabrication Method:

Not woven

Diameter:

16.0 french

Material And Location:

Silicone

Features Provided:

Disposable and sterile

Product Name:

Foley catheter with temperature sensors

Style Designator:

Modified retention

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A22100
