Overall Length:

16.000 inches

Product Name:

Homefill ii compressor

Special Features:

Operating temperature 50 to 95 degrees f at 20-60% non-condensing humidity; inut o2% requirement >90% o2; input pressure required 14-21 psi; input flow is 2l/min

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-d
