Universal Medical Device Nomenclature System Code:

15073

Product Name:

Bronchoscope fiberoptic device code 15073

Special Features:

Bronchoscope, fiberoptic flexible (ntsc); for detection of respiratory disease; expanded bronchoscopic treatment capabilities; 570mm working length; 215 degree up and 135 degree down angulation; field of view 120 degrees; depth of field 3mm-50mm; bv-1.5 insertion tube od 4.7mm x 5.4mm; bv-2.1 insertion tube od 4.7mm x 5.8mm; used with dpu-5050a digital processing unit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-f
