#### **Thread Direction:**

**Right-hand** 

Head Style:

Hexagon

# Head Diameter:

8.1 millimeters

# **Thread Length:**

32.0 millimeters

#### **Overall Length:**

120.0 millimeters

# Material And Location:

Steel, stainless

#### Width Across Flats:

5.0 millimeters

#### **Outside Thread Diameter:**

# 7.0 millimeters

**Product Name:** 

Cannulated/speciality screws

# **Special Features:**

Non sterile, mtl. 108 alloy-sst, qty-1 per pkg

## Shelf Life:

N/a

## Unit Of Measure:

---

# Demilitarization:

No

## Fiig:

T133-m
