Overall Length:

1.96 inches

Overall Height:

5.16 inches

Overall Width:

2.75 inches

Specific Use:

Diagnostic and ear and postnasal area

End Application:

6540-01-629-2759; diagnostic system, ophthalmic

Design Designation:

Welch-allyn

Product Name:

Macroview diagnostic otoscope

Special Features:

Otoscope, diagnostic macroview 3.5vdc, 0.78 amps, 2.73 watts; depth 1.96 inches; height 5.16 inches; width 2.75 inches; weight 0.33 lbs; advanced optics for increased magnification; provides nearly full view of tympanic membrane; ability to focus for variable ear canal length or farsighted eyes; for use with reuseable or disposable ear specula; for use with reuseable or disposable ear specula; for use with item ophthalmic diagnostic system nsn 6540016292

Color:

Black

Shape:

90 degrees bend

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-d
