Unit Package Quantity:

96

Physical Form:

Gel

Unit Package Type:

Package

Setting Time:

Between 8 minutes and 10 minutes

Workable Consistency Temperature Rating:

Between 109.0 degrees fahrenheit and 122.0 degrees fahrenheit

Hydrocolloid Base Type:

Agar

Product Name:

Impression material dental cartridge form hydrocolloid agar 48s

Exterior Container Weight:

24.00 pounds

Exterior Container Cubic Measure:

0.67 cubic feet

Exterior Container Quantity:

24

Special Features:

C/o 48 glass or plastic cartridges filled w/hydrocolloid gel and forty eight 19 or 21 gage disposable dispensing needles

Intermediate Package Quantity:

12

Unit Of Issue Cube:

0.028 cubic feet

Supplementary Features:

FORU-SE-W/C-ARTR

Unit Of Issue Weight:

1.00 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-d
