Impregnation Material:

Aluminum and copper

Physical Form:

Sheet

Unit Type:

Occlusal indicator

Product Name:

Wax dental aluminum and copper green or copper sheet 1 lb

Special Features:

Softens into workable plastic mass at 100 to 120 degrees f

Color:

Green or copper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-e
