Environmental Protection:

Corrosion resistant

Physical Form:

Paste

Unit Package Type:

Jar

Material For Which Formulated:

Gold

Content Within Each Unit Package:

1/2 oz

Specific Metal For Which Formulated:

Gold dental alloys

Product Name:

Flux soldering paste corrosion resistant gold den alloys 1/2 oz

Exterior Container Weight:

25.00 pounds

Exterior Container Cubic Measure:

1.500 cubic feet

Exterior Container Quantity:

288

Special Features:

For electric or blowpipe soldering; water soluble base

Intermediate Package Quantity:

12

Unit Of Issue Cube:

0.005 cubic feet

Unit Of Issue Weight:

0.19 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T166-s
