Size Designator:

34

Material And Location:

Steel, aisi 420 lever spring

Design Type:

Double end

Product Name:

Carrier amalgam double ended large and regular barrels

Exterior Container Weight:

26.00 pounds

Exterior Container Cubic Measure:

1.500 cubic feet

Exterior Container Quantity:

288

Special Features:

Learge and regular bar rels; lever type

Intermediate Package Quantity:

12

Unit Of Issue Cube:

0.005 cubic feet

Unit Of Issue Weight:

0.09 pounds

Specification Or Standard:

I type and b style

Departure From Cited Document:

As modified by material

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-g
