Mounting Type:

Dental unit

Furnished Hardware:

Adapter, saliva ejector 2; handpiece, aspirator nozzle 1; hose, aspirator 1; holder, handpiece 1; hose, drain 1; line, air inlet 1; muffler, air exhaust 1; strainer 1; tip, aspirator nozzle 2; valve, air velocity control 1

Furnished Items And Quantity:

Brush, cleaning 1

Pressure Rating:

40.0 pounds per square inch and 70.0 pounds per square inch

Air Supply Flow Rate:

2.5 cubic feet per minute

Product Name:

Evacuator oral cavity dental brass air powered

Special Features:

Hand control; requires 2 cfm air flow at 40 psi; for disposable saliva ejector mouthpiece, order 6520-00-541-9400; model 7023 (avs)

Material:

Copper alloy

Surface Treatment:

Nickel

Surface Treatment:

Nickel plated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-b
