Overall Length:

7.000 inches

Blade Shape:

Chisel

Design Designation:

Mcfarland

Material And Location:

Steel, corrosion resisting blade

Surface Treatment And Location:

Passivated blade

Design Form:

Single-ended

Pattern/style Identification:

18

Product Name:

Chisel dental mcfarland no.18 corrosion-resisting metal

Special Features:

Two-piece construction; bi-bevelled blade end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T133-a
