Design Designation:

Wax

Features Provided:

.10 millimeter graduations

Product Name:

Caliper wax thickness measuring den 10mm cap 1/10mm graduation

Special Features:

Use for wax, gold plate, tinfoil, and baseplate materials, semirigid materials; 10 mm capacity

Material:

Copper alloy 745 or stainless steel

Precious Material:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-a
