**Design Designation:**

Precision

**Features Provided:**

.10 millimeter graduations

**Product Name:**

Caliper metal thickness measuring den 0-10mm cap1/10mm grad

**Special Features:**

For cast alloy surfaces ant reduce mistakes making gold or porcelain crowns; sharp beak; 10 mm capacity

**Material:**

Copper alloy 745 or stainless steel

**Precious Material And Location:**

Tip of caliper silver

**Precious Material:**

Silver

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T243-a
