Overall Length:

6.000 inches

Design Designation:

Younger good

Material And Location:

Steel, corrosion resisting tip err-100 err-100

Product Name:

Scaler dental younger good 6in lg

Special Features:

Handle, hollow or solid, serrated or knurled, identification marked

Unit Of Issue Cube:

0.005 cubic feet

Unit Of Issue Weight:

0.77 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T133-d
