Current Type:

Dc

Carrying Case:

Not provided

Universal Medical Device Nomenclature System Code:

13187

Product Name:

Tester pulp dental dc digital readout powered by 4 aa batteries

Special Features:

Consist of scanner, short probe, long probe, and grounding lead; powered by four, size aa, 1.5 volt alkaline batteries; digital readout

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-b
