Physical Form:

Powder

Furnished Items And Quantity:

C/o powder and measuring vessels

Workable Consistency Temperature Rating:

73.0 degrees fahrenheit

Hydrocolloid Base Type:

Alginate

Product Name:

Impression matl den powder hydrocolloid alginate reg set 1 lb

Special Features:

Hydrocolloid; regular set; low dust; unit weight: 454 grams

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-d
