Physical Form:

Gel

Hydrocolloid Base Type:

Agar

Product Name:

Impression material dental duplacting hydrocolloid 1 gl

Special Features:

Duplicating material used for reproducing models in investic or stones; does not require wash; unit q type 1 gallon (3.785 li)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-d
