Working End Outside Diameter:

6.000 inches

Err Default:

Err default

Product Name:

Tip suction apparatus high velocity evacuation round 6" long

Special Features:

Round in cross section; high velocity; bent 15 degree in mid-length; beveled on both ends 45 degree ; stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-a
