Current Type:

Ac

Accessory Components And Quantity:

On/off switch 1; chamois filters 12; vacuum regulator 1; vacuum pressure regulator 1; vacuum bottles (32 oz) shatterproof 2; castors, wheels, or rollers 4; hose 1; handle (dental apparatus tip) 1; tips (no. 2 and no. 4) 2; bacteria filters 3; and check valve 1

Installation Design:

Mobile

Controlled Suction Source:

Included

Suction Produced In Millimeters Of Mercury:

559.0

Thermotic Type Feature:

Included

Product Name:

Suction apparatus dental ac 110volts 60hertz mobile

Voltage In Volts:

110.0

Special Features:

Pedestal or cabinet mounted; soundproof; eight hours continuous operation w/o servicing; for aspiration of blood, saliva and irrigating solutions during dental surgical procedures; for handle, order 6520-00-501-3515; for tip no. 2, order 6520-00-501-3525; for tip no. 4, order 6520-00-501-3530; for tube and bottle cap assembly, order 6520-00-564-8850; 175 watts

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T107-c
