Overall Width:

0.025 inches

Overall Thickness:

0.019 inches

Usage Design:

Dental forming

Product Name:

Arch wire dental .019"thk .025"w upper standard crs rect arch10s

Special Features:

Upper; standard; individual preformed rectangular arch blanks; corrosion-resistant stainless steel; for complex bends and loops are required/for fabricating spring auxiliaries; stress relief heat-treating

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-d
