Unit Package Quantity:

1 and 1 and 1

Physical Form:

Paste

Unit Package Type:

Package

Setting Time:

Between 3 minutes and 4 minutes

Workable Consistency Temperature Rating:

Between 72.0 degrees fahrenheit and 75.0 degrees fahrenheit

Special Features:

Vinyl polysiloxane base type; regular (medium viscosity); consists of one 150 gram tube base, one 150 gram tube accelerator, and a bottle of adhesive

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-d
