Design Designation:

Orthodontic

Specific Use:

Retainers

Matrix Band:

Not included

Bracket Material:

Any acceptable

Product Name:

Clasp retainer den cres orthodontic round ball one end 10s

Special Features:

Wire dia. 0.024 in. (0.61 mm); round ball integrated at one end; ball diameter is 0.048 in. (0.122 mm); used for fabrication; contouring; and retention of retainers; unit q type 10

Color:

Silver

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T243-f
