Physical Form:

Paste

Abrasive Material:

Aluminum oxide

Medicament Base Type:

Glycerin

Flavor Additive:

Not included

Weight:

4.0 grams

Product Name:

Abrasive dental paste 4 gm alum oxide water soluble glycerine

Special Features:

One-component formulation; water soluble; for use in polishing anterior, and posterior resin restorations; syringe dispensing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-d
