Physical Form:

Any acceptable

Unit Package Type:

Cartridge

Component Quantity:

14

Workable Consistency Temperature Rating:

Between 35.0 degrees fahrenheit and 46.0 degrees fahrenheit

Exterior Container Weight:

22.00 pounds

Exterior Container Cubic Measure:

0.85 cubic feet

Exterior Container Quantity:

10

Special Features:

Hydrophilic, regular body, purple, 48 ml each cartridge; for use with 6520-01-217-4339; note: g; requires refrigeration between 2 degree to 8 degree c. (35 degrees to 46 degrees f)

Material:

Plastic, polyurethane, polystik foam

Material:

Plastic, polyurethane, polystik foam

Unit Of Issue Cube:

0.08 cubic feet

Supplementary Features:

Cartridges 2; mixing tips 12

Unit Of Issue Weight:

2.20 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-d
