Overall Thickness:

0.375 inches

Usage Design:

Dental

Abrasive Material:

Silicon carbide

Maximum Speed Rating In Rpm:

3800.0

Wheel Diameter:

3.000 inches

Product Name:

Wheel abrasive silicon carbide dental style 8 3800 rpm black med

Wheel Style:

Straight

Special Features:

Black; medium; f/fast heatless; chip free grinding of porcelain teeth; non contaminating, lathe wheel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06900
