Unit Type:

Crown and molar

Tooth Configuration:

Axillary left second molar

Toothwidth:

10.4 millimeters

Product Name:

Crown den temporary polycarb maxillary I second lower molar adl

Special Features:

Replacement box; adult size; shade 62; lower

Material:

Polycarbonate

Material:

Polycarbonate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-e
