Overall Thickness:

8.0 millimeters

Usage Design:

Dental

Binder Material:

Chromium

Abrasive Material:

Diamond

Maximum Speed Rating In Rpm:

Not rated

Wheel Diameter:

1.8 millimeters

Product Name:

Wheel abrasive diamond den style255 friction grip coarse grit50s

Wheel Style:

Conical w/round tip

Special Features:

Rfriction grip; standard shank; coarse grit; round end cone; disposable; pre-sterilized; used for operative reduction and crown and bridge reduction; unit pkg qty c/o 10 foil packs 5 diamonds per pack for a total of 50

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A06900
