Physical Form:

Paste

Usage Design:

Denture restoration

Weight:

5.0 grams

Curing Process Type:

Light

Criticality Code Justification:

Feat

Product Name:

Resin restorative den paste 5gm lt curing prefilled syr f/xrv kt

Special Features:

Microhybrid enamel composite w/vita shade a2; shade refill for xrv kit; prefilled syringe

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-d
