Overall Length:

19.000 inches

Overall Height:

18.000 inches

Overall Width:

19.000 inches

Voltage Rating:

Between 115.0 volts and 230.0 volts

Horsepower Rating:

0.750

Operating Frequency:

Between 50.0 hertz and 60.0 hertz

Special Features:

Oilless compressor; 3.4 cfm @ 50 psi; lid functions as weather shield; corrosion resistant aluminum air storage tank; 115/230 volt dual voltage auto switching

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-b
