**Overall Length:**

19.000 inches

**Overall Height:**

18.000 inches

**Overall Width:**

19.000 inches

**Voltage Rating:**

Between 115.0 volts and 230.0 volts

**Horsepower Rating:**

0.750

**Operating Frequency:**

Between 50.0 hertz and 60.0 hertz

**Special Features:**

Oilless compressor; 3.4 cfm @ 50 psi; lid functions as weather shield; corrosion resistant aluminum air storage tank; 115/230 volt dual voltage auto switching

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T243-b
