Overall Length:

7.000 inches

Usage Design:

Stabilize soft tissue flaps during suturing

Design Designation:

Gerald

Unit Type:

Grasping

Grip Type:

Knurled

Jaw Grasping Method:

Opposed prongs

Jaw Grasping Facility Location:

At tip

Product Name:

Tissue pliers

Material And Location:

Stainless steel

Shape:

Curved

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51710
