Operating Temperature Range:

+32.0/+71.0 degrees celsius

Thermostatic Control:

Included

Temperature Control Device Type:

Variable

Err Default:

Err default

Product Name:

Water bath with variable temperature control

Special Features:

Consists of water bath with removable stainless steel pan and thermometer

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-n
