Overall Length:

17.000 inches

Overall Height:

14.500 inches

Overall Width:

13.000 inches

Wattage Rating:

11.000 watts

Voltage In Volts And Current Type:

110.0 ac

Product Name:

Micro abrasive blaster system with three blaster tanks

Special Features:

Blaster, abrasive sysem; consists of three abrasive blaster tanks, hoses, and nozzles, mini-regulator w/ gauge, filter, and foot control switch; designed for multi-particle sizes 25 to 250 micron aluminum oxide, glass beads, and walnut shells; powder coated steel housing cabinet w/ hinged glass; fluorescent blasting chamber illumination

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
