Width:

11.313 inches

Current Type:

Ac

Frequency Rating:

60.0 hertz

Voltage Rating:

115.0 pounds per hour wet

Mounting Type For Which Designed:

Bench

Product Name:

Laboratory grinder variable speed bench lathe

Depth:

11.563 inches

Special Features:

Dental laboratory bench lathe grinder; used along with d-1 dust collector for finishing in dental la; polyflex duo-belt driven; fully auotmatic spindle; adjustable face guard w/ tinted safety glass; three-position safety switch; heavy duty motor; variable speed control

Height:

9.250 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T243-n
