Light Adjustment Method:

Flexible gooseneck

Voltage Rating In Volts:

Between 100.0 ac and 240.0 ac

Mounting Method:

Portable

Product Name:

Light dental exam portable led

Special Features:

Light, portable, dental exam; led source with adjustable beam; lamp height: adjustable 41 to 69 in; boom length: 41 in; weight: 9.45 lb; ac input 100-240 v, 0.125 a, 50-60 hz; aux. Dc input: 12-24 v, 0.6 a; consumption: 7.5 w max; fuses; 0.125 amp, 250 v slo-blow (5 x 20 mm); light source: led emitter; lamphead adjustments: intensity: 0 to 100% adjustable, aperture size: 2.25 to 4.625 in diameter adjustable at 27.56 in focal length; light output: 1500 ft-c at 24 in typ; working distances: 16 in with large aperture, 36 in with small aperture; operating temperature: 50 to 113 degrees f; storage temp: -4 to 140 degrees f

Material:

Plastic acrylic lens

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A06300
