Current Type:

Dc input

End Application:

6520-01-587-7026 handpiece system, dental

Product Name:

Micromotor sterilizable brushless

Special Features:

Sterilizable brushless dc micromotor; for use with bien air chiropr 980 handpiece system; recommended rotational speed: 500 to 40, 000 rpm; torque: 4ncm; dimensions (includung nose attachment): 0.83 x 3.93 in; voltage: 0-24 vdc; mechanical power: maximum 62 w at 20, 000 rpm and 24 vdc; max. Admissible current: 7 a at peak

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A271a0
