Structural Design:

Stationary I shaped w/sliding member at right angles to graduated section

Graduation Range:

1/2 to 16 in. And 1 to 40 cm.

Product Name:

Caliper x-ray technique aluminum and crs and brass

Material:

Aluminum and stainless steel and copper alloy

Supplementary Features:

For measuring thickness of body parts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T140-k
