Width:

24.000 centimeters

Length:

30.000 centimeters

Emulsion Sensitivity:

Blue

Product Name:

Film radiographic 30x24cm noninterleaved k film xk6 100s

Special Features:

Noninterleaved k film xk6; medical x-ray film for general radiography applications; high contrast; advantageous for enhancing contrast of bone, air, or contrast agents for detail; blue sensitive emulsion

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T140-b
