Physical Form:
Liquid
Unit Package Yield:
10.000 gallons
Material Processing Method:
Automatic
Processing Speed:
Multi-speed
Unit Package Content Form:
Single unit for mixing
Special Features:
Developer-replenisher; high density; package consists of 2 single units, each of which yields 5 gal when mixed w/water; for use w/cadi
chemical mixing system
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A24700
