**Physical Form:**

Liquid

**Unit Package Yield:**

10.000 gallons

**Material Processing Method:**

Automatic

**Processing Speed:**

Multi-speed

**Unit Package Content Form:**

Single unit for mixing

**Special Features:**

Developer-replenisher; high density; package consists of 2 single units, each of which yields 5 gal when mixed w/water; for use w/cadi chemical mixing system

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A24700
