Product Name:

Ultrasonic unit blood flow detection 120/230v 50/60hz doppler

Special Features:

D shall be electrically shielded for patient/operator safety and opervation of electrical interference. (9) the electrical characteristics shall be consistent with the requirements of the latest edition of specification dpssc-depmeds-at (dm); shall be provisioned in accordance with the requirements catained in the latest edition of specification dpssc-depmeds-at (dm); shall be capable of assessing patency of venel grafts intraoperatively by varying an audible pitch frequency as blood flow velocity changes; shall be provided with an 11.5 cm pencil probe; probe shall operate at a constant pre-tuned frequency of approx. 8mhz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T107-c
