Design Type:

Wall mounting

Control Type:

Wall mounted

Tube Quantity:

1

Product Name:

Xray apparatus dental wall mounting

Voltage In Volts:

120.0

Special Features:

Self-contained unit includes: wall mount, master control suspension, single tubehead with recessed focal spot, and an 8 in. Focal length clear cone; extension arms have a 74 in. Reach; color: classic white; tech specs: 70 kvp, 7 ma, 0.6mm focal spot; exposure time selections: 3 to 99 impulses; led readout on master control; automatic line voltage compensation

Frequency In Hertz:

60.0

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T140-c
